# Our SERVICES

We offer our customers and clients a wide range of signage services and Signs Consultant to bring you a satisfactory result and to ensure your signage works are of the highest specification and quality that you deserve.

Businesses & Institutions today look at their environments as vital to promoting their brand identity and enhancing the overall customer experience. At **MediaHub**, We use the highest quality products and materials when manufacturing our signs, we also assembled a team of experienced sales executives, designers, brand experts, production specialists and installers who are committed to helping you turn your vision into reality.

Utilizing the latest technology with understanding each client's unique requirements, our custom sign solutions are designed with aesthetics in mind as well as function while being sensitive to budgets and deadlines. Some clients require a straightforward sign system that is efficiently executed while others require a fully integrated visual communication program. Large or small, simple or complex, our goal is to add value to our customer's projects through well thought-out client focused solutions.

# CUSTOM MADE SIGNS

We produce all type of custom made signs.  
Custom made signs is used for visual communication with beautiful and attractive exterior style  
or interior design structure, for physical information, way finding, project signs etc.

# WAYFINDING & DIRECTIONAL

How can you direct your client, customers, suppliers & employees, in a simple and effective way, from the entrance to the building or different floors? We can provide you with an ideal solution, which can be adapted to all your requirements, from both a technical and aesthetic point of view.

# SHOP SIGNS

Signs are one of the most efficient and effective means of communication and reaching out to target audience. Also attractive to client, they reach people who are passing by your establishment, they present a clear picture of your business and better out look. It also a means of telling people who you are and what you are selling.

## SHOP SIGNS

*Find a wide selection of Shop advertising, almost anything you can think of: metal outdoor signs, outdoor vinyl graphics, and display accessories, just to name a few. Once you've decided on a product, designing and ordering is simple. Hence it will help to promote and attract more clients and customers.*

# CHEMICAL ETCHING ON METALS

*Etched Sign system project encompasses a wide range of our capabilities including our design services and demonstrates our ability to combine new and unique materials in a modern and pleasing design*

# HOARDING SIGNAGE

*MediaHub can offer fantastic and outstanding Hoarding Signs and wallwrap graphics. Both products are bespoke so there are no limits on the design. Wallpaper can be produced with a smooth or textured finish. Wall-wrap can be used Internally and externally.*

# ROOFTOPS & UNIPOLES

*Our Top Roof & Uni Pole Signs is designed to meet your requirements using our experience to highlight yours.*

*Top roof & Pole signs are also quick, cost effective way to promote and sell your company and products. and morden means of advertising.*

# VEHICLE GRAPHICS

Your vehicles are an ideal medium for additional advertising and brand reinforcement. This method of advertising has the benefit of being very cost-effective to display your company to a large audience.

It is targeted advertising in the expense of an ongoing advertising campaign like an advert in the local paper or directory.

# INDOOR SIGNS

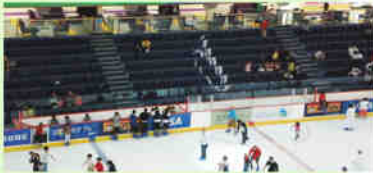

*Appropriate and effective Indoor Signs are a great asset. But every detail is different. Based on the way you manage the approach to your company, people can judge how organised and welcoming you are.*

# STADIUM SIGNAGE

*In 2013 our company was award & appointed as a sign consultant for signage and graphics for two stadiums in the UAE For 2013Sport session. and we were awarded for creativity and high quality.*

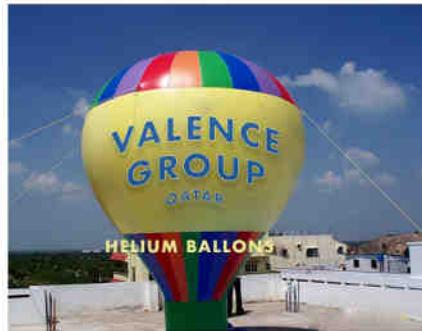

# 3D SIGNS

*Appropriate and effective Floor Signs are a great asset. But every detail is different. Based on the way you manage the approach to your company, people can judge how organised and welcoming you are.*

## INFLATABLE SIGNS & HELIUM BALLONS

Media hub can customize inflatable figures including logos as requested including renting of helium balloon with different sizes.

# TACTILE/BRAILLE SIGNS

Braille signing is a common means of communication used by people with both a sight and hearing impairment. Media supplies everything your company needs to improve access, directions in Accessible and Wayfind-ing signage for people, who are blind or have low vision.

- 1 Braille is made up of cells. Each cell contains six dots; three on the left and three on the right. They are numbered one to three on the left and four to six on the right. It is essential that the dots are uniform in size and in the appropriate position in order for the reader to under- stand the correct meaning.
- 2
- 3
- 4
- 5
- 6

We are proud to develop the technology for photopolymer to be use not only with PETG Material, which can be use on all types of materials such as metals, glass etc, with no size limit

# SAFETY SIGNS

The purpose of having safety signage in the workplace is to identify and warn workers who may be exposed to hazards in the workplace. Safety signs can assist in the communication of important instructions, reinforce safety messages and provide instruction for emergency situations.

Media Hub also invest in the development of new products and processes that have an improved performance in directing and passing messages in our environment using Safety Icons and signs to illustrate.

# EQUIPMENT SUPPLIES:

Media also Supplies Quality and Affordable Traffic Cone, Warning Tape, Safety reflective vest, 60g, net type, 4 pcs of short reflective, Safety reflective vest, 60g, fabric materials, 2 pcs of long reflective, Safety Helmets, Warning Lamp & Battery.

# TRAFFIC ROAD SIGNS

We produce the best Traffic signs or road signs which are signs erected at the side of or above roads to give instructions or provide information and awareness of Government regulations and standards, which includes stop signs, street names, traffic signs, street signs, speed limit signs etc.
